About Us

Established in 2011, Serious Sanitation, Inc. is a family business with the mission to provide and maintain dependable sanitation services with a personal connection.

The company and its employees aim to do an ordinary job in an extraordinary way. We feel these core values are at the heart of what makes small businesses and small towns thrive.

This belief is reflected in the attention given to our customers and the care we show in maintaining our equipment. We strive to be attentive to the needs of those we serve and represent our business in a clean and professional manner.
